

# APF CHRISTMAS

## BROADCAST 2009

23rd December 2009

To every APF member across this countryside  
Flying canopies a brilliant hue,  
Leaping out of airplanes in search of the ultimate ride,  
Chasing rainbows in the blue!

To our Technical Directors who keep our standards high,  
Volunteering time and expertise to ensure we all take stock,  
It's thanks to you we soar these skies,  
Like birdmen in a flock.

And to our Board of Directors with portfolios overflow,  
Your diligence is duly noted governing as you do,  
With guiding hand and oversight to steer us as we go,  
And appreciation expressed by seldom few,

And let's not forget the dedication of those behind the fun,  
From Manifest to Packer, and every Pilot as they climb,  
At the end of the day as the DZ bell is rung,  
May those cold beer's beckon with the chime,

From APF Judge to council rep freely giving of their time,  
And every volunteer breathing life into our sport,  
From Coach to hard core competitor as he swoops across the line,  
No monetary gain just a personal satisfaction sought,

We wish you well at this special time of year,  
And say thank you for all that you do,  
To every member of our skydiving family,  
Good times, good friends and good health we bestow on you,

From your team at the National Office  
Merry Christmas and a very happy New Year!

Can you guess who this is?

*Have a fantastic, safe, totally merry Christmas & may 2010 be all you hoped for and more!*

*We will be back on deck on the 4<sup>th</sup> January 2010!*
